### HOW DOES A PERSONAL CONTRACT PLAN WORK?

- Receive a guaranteed future value for your new ŠKODA Superb to defer until the end of the agreement; this will make your monthly repayments lower
- Pay a deposit made up of part exchange or cash – as little as 10%
- At the end of your repayment term you have three choices:
  1. Part-exchange your Superb for a brand new ŠKODA.
  2. Pay off the optional final payment so you own the car (or refinance, subject to credit approval).
  3. Return the car to your dealer and pay nothing more (subject to acceptable vehicle condition)

The benefits for you the driver are are attractively low monthly installments, upgrade to higher as well the ability to upgrade to higher specification models for small monthly increments.

At the end of your term you have the option to hand back the vehicle and make no further repayments (subject to acceptable vehicle condition). But best of all is we guarantee the future value of your Superb protecting you from ‘negative equity’ at contract end (subject to acceptable vehicle condition).
